

# LED Street Light

## LED Street Light

## LED Street Light

### Features:

- 1) Material: pressure die-cast aluminum
- 2) Anodized and sealed single piece reflector
- 3) GE silica gel applied on reflector, IP66 for optical compartment
- 4) Polyester powder coated, RAL-color upon request
- 5) IP65 for carbon breathing

LED Street Light 150W, 250W 3500K, 5000K, 8000K optional

save 70% to 80% power energy than HID lamp

current changeless power supply

### Technical data:

- 1) IP degree: IP65
- 2) Anti-corruption for body: class II
- 3) Lighting source: 70W, 150W, 250W, HPS
- 4) Insulation: class I
- 5) Power source: 220V (+ 10%) / 50Hz
- 6) Dimensions: 655 x 308 x 186mm
